2. **Accountability:** The technology is for school use only. Internet use is by permission only for the express purposes of curriculum-based assignments.
3. **Privileges:** The use of the technology is a privilege, not a right, and inappropriate use will result in a student being suspended from the use of technology for a period of time.

  - b. **Electronic Mail (email):** Students may NOT send or receive personal email at school. IF the class incorporates the use of class email, that email is not guaranteed to be private. The instructor has administrative rights to email accounts and address books.
  - c. **Downloads:** Students may NOT download any material including, but not limited to Web search bars, decorative cursors, games, and free software.

5. **Vandalism:** Vandalism is defined as any malicious attempt to tamper with or destroy any of the technology. This includes, but is not limited to, the uploading or creation of computer viruses, or physical damage to the technology. Any vandalism will result in the immediate loss of privileges as well as further disciplinary action.
6. No **software** or **storage devices** may be brought from home.
