

## Voluntary Student Accident Forms

Voluntary Student Accident forms are available in our front office at school for those parents who are interested in this service. Forms and information will also be posted on the MISD Website under the Business Services Department. Completed applications should be directly sent by the parent to the insurance company. If you have any questions regarding coverage or need more information, please contact GM-Southwest Inc. at 800-381-4517 or 972-377-9363. Thank you.
